Mr. Hodges this evening declined to state the nature of the Government's auggestions, but he appeared to be hopeful that they would lead to some acceptable arrangement. He asserted that nothing further would be done pending a renewal of the conference with the Government officials to-merrow.

One indication of a hopeful turn in the tide of affairs was afforded to-night by a report from a well informed source that the Government contemplates postponing the introduction in Parliament of its emergency bill, which would virtually place the country on a war basis. It had been intended to attempt to pass this measure through all its stages to morrow. The matter will be finally decided by the Cabinet at a discussion to-morrow morning.

There are increasing signs that the next Queen of Greece may be an American. It is reported here that before the Queen Mother Olga left Switzerland for Athens there was held a series of family conferences wherein it was urged that Prince Christopher, uncle of King Alexander and youngest brother of King Constantine, the deposed Greek ruler, and who married Mrs. William B. Leeds, was the most eligible member of the dynasty to succeed King Alexander if the Allies persist in their opposition to the return of King Constantine to the throne.
